

## The Discourse

Once these furious cretins  
gain power we'll nod, dis-  
tracted and amused.

They'll accept that for  
agreement. Good thing  
for the Reign of Terror

will exclude us as  
purity enforced  
on all

but the smallest  
children, whose

sun-slashed games  
of war we'll observe  
from attic windows.
